

elixirEdu: Fee Module

Developer: Sapnesh Naik sapnesh@kerneldev.com

Module Detail:

- **Fee Structure Definition:**

A fee structure will be assigned to each category's Grade of a course.

- The Fee structure for each category of a Grade may differ or remain same (UI option to duplicate one structure for all/multiple categories).
 - Ex: One fee structure of RTE, a different one for Staff Ward
- Each fee structure can have multiple Fees:
 - Ex: Grade BA1->RTE->[Tuition Fee, Pocket Expenses...]
- Each Fee can be divided into One or more installments.
 - Each installment has a due date, installment amount and paid amount.
 - A partial payment against an installment is allowed.
- If a *due date* and *extension period* of an installment is past and the amount paid for the installment is less than *penalty threshold*, A penalty amount will be charged per week of the delay of the payment until the threshold value is met.

- **Fee Collection:**

The fee collection is a backend documentation process for the collection of installments of a Fee.

- Payment is to be made against an installment.
- Partial payment against an installment is allowed.
- Different Payment modes are supported RTGS/NEFT, DD, Cash etc.
- A Discount can be applied to a payment.
 - Ex: Sibling Discount, Sports Quota, Merit Student.

- **Invoice: (Required?)**

- An invoice will be generated and sent to Student/Parent email for a payment.
- A Collective Invoice for an Installment which includes all partial payments can also be generated.
- A Collection Invoice for a Fee which includes details for all Installments can also be generated.

Permissions:

Fee module will bring in 20 more permissions to the elixirEdu system:

Fee Structure	Fee	Installment	Payment	Invoice
